

Dear FCC,

I am opposed to allowing only a few large corporations own and control a majority of the news media. Vertical and horizontal ownership of News media such as newspapers, magazines, television and radio, by larger & fewer companies are a danger to our democracy. I am opposed to such a corporate monopoly that any relaxing of the FCC rules would allow. Once the media is consolidated their lobbyists will soon be buying State & Federal politicians. Stop it now or there will be no "Free press".
